

# Denzel Edwards

---

(289) 923-8480 | [Denzelledwards@gmail.com](mailto:Denzelledwards@gmail.com) | [Website](#) | [GitHub](#) | [LinkedIn](#)

## Skills

- Proficiency with JavaScript, HTML5, CSS3, React, Redux, Node.js and Java.
- I have a strong work ethic that allows me to handle multiple tasks and meet deadlines.
- Proficient at working with SQL and NoSQL databases.
- Exemplary interpersonal, communication, leadership and motivational skills.
- Experience with AWS, Google Analytics, and Microsoft Office.
- I thrive in a team atmosphere and excel at taking a performance-focused, results-oriented approach.

## Education

### **Bachelor of Computer Engineering – Ryerson University**

Graduation: June 2020, Deans List

## Project Experience

- [AI Vision](#) - Learn how an AI vision recognition system works by finding its mistakes!
- [Sunglasses Activity](#) - Digitally design your own sunglasses and get them laser cut!
- [Predict a Pie](#) - In this activity, you can build a real, working Neural Network.
- [Chatbot Engine](#) – An AI chatbot where you can talk with any of the built-in or customizable characters.
- [Weather Watch](#) - A weather app using Node.js, JavaScript, HTML and CSS.
- See my other projects on my [GitHub](#).

## Work Experience

### **Lead Front End Developer, SteamLabs: 02/2021 – Current**

- Implementing web design and development principles to build stable software.
- Collaborating closely with my team to support projects during all phases of delivery.
- Identifying innovative ideas and proof of concepts according to project requirements.
- Led a showcase seminar representing the company at Mozilla Festival 2021.

### **Consulting Researcher, OCHI Consulting: 07/2020 – 01/2021**

- Researched case law and societal impacts of various human rights issues.
- Created comprehensive reports, reviews and summaries on my findings that increased the efficiency of client cases.

### **Human Rights Service Assistant, Ryerson University: 09/2019 – 04/2020**

- Created Case lists for human rights issues using Excel while researching and reflecting them against past legal precedents.
- Created a case file system that improved the efficiency and ease of use of the entire office.
